PARTICIPATION OF BENEFICIARIES IN SODIC LAND RECLAMATION PROGRAMMES

N.K. Mishra¹ and B.P. Mishra²

Received May 21, 2010 and Accepted September 17, 2010

ABSTRACT :Uttar Pradesh is one of the states which attracts the concentration of intensive land based production technologies. Inspite of availing good quality of land the state has highest acreage under usar. Reclamation of solic lands require full co-operation and participation of the farmers themselves. Therefore, the study was conducted in two districts of central U.P. to know the involvement of farmers in different reclamation activities and it was observed that farmers were fully involved in field related activities and maintenance of assets developed by the Uttar Pradesh Sodic Land Development Corporation.

Key Words ; Sodic land, reclamation.
